

CAMPUS CULT ALERT

BEWARE: The “Mother God Cult” is out in full-force. They are called the World Mission Society.

This group uses deception in their recruitment.

The group is a pyramid scheme fronting as a religious organization.

They use the Bible, but twist and bend Scriptures to fit their “master’s” teachings.

They want to recruit, isolate, and indoctrinate new members, in-turn teaching them to do them same. It is MIND CONTROL!!!

BE ALERT AND LEARY OF THE FOLLOWING CULT CHARACTERISTICS:

- People trying to be your “instant friend.” There are few genuine “instant” friendships.
- They invite you to a “Bible study” or “meeting.”
- They use the Bible, but with “new teachings,” or “newly revealed prophecy.”
- They say they have the “truth,” which can only be found through their group.
- They call any critical information against the group “slander,” “lies,” or “the enemy trying to keep us from sharing the “truth.”
- Hard to understand teachings that require you to “just believe” or “open your mind.”
- Charismatic leader claiming to be: god, messiah, avatar, master, savior, etc.
- Group claims special or elite status.
- Us and them mentality.
- They hide their core teachings.
- They encourage meetings to “study,” rather than telling you things up-front.
- They have easy answers or solutions to complex world problems.
- Pressure to commit.
