To: clindsey@hcnetwork.org

Hi Mr. Lindsey,

Are you all still looking for a CNM? I am graduating this June from Frontier Nursing University, and am interested in working for a NHSC site. Can you tell me a little more about the scope of practice for CNMs at your center? I have attached my resume' for your review.

Best Regards,

Sara Hellwege

My name is Chad Lindsey, Director of HR. I have received your resume and have a few questions for you before I pass on to the appropriate department for evaluation:

Have you graduated? When? If not when will you?

Do you have a FL license? If not, when do you expect to receive the license?

If hired when could you begin?

What would your official title be? ARNP-CNM?

Have you worked on or are familiar with EMR? If so, which systems have you used?

Chad L. Lindsey

I anticipate graduating next month, and taking boards before July 4th. I do not currently have a FL license, and would have to apply once I pass boards. I am not sure how long it currently takes in the state of Florida to obtain a license. My current license is in the state of Georgia. If hired, I would like to begin between 15th of August and 15th of September. Yes, ARNP-CNM. I am very familiar with EMR. I have used citrix, mckesson, integreat, and epic.

Good afternoon.

Your resume has been submitted.

To inform you, we are a Title X organization and I see that you part of the American Association of Pro-Life Obstetricians and Gynecologists Society.

Would this be a reason for you to decline and interview if offered one?

Chad L. Lindsey

Hi Mr. Lindsey,

Thanks for such a timely response. Yes, I am a member of AAPLOG. Due to religious guidelines, I am able to counsel women regarding all forms of contraception, however, cannot Rx it unless pathology exists- however have no issue with barrier methods & sterilization. If offered an interview, is there a position available for antepartum & laborist only, or do all CNMs perform postpartum & well woman/preventative care?

Good morning,

Due to the fact we are a Title X organization and you are an member of AAPLOG, we would be unable to move forward in the interviewing process. An unfortunately, we do not have any positions for antepartum & laborist only.

Good luck in your future endeavors.

Dear Mr. Lindsey,

To clarify, I am not merely seeking a position that encompasses antepartum & laborist care only. I was asking about that option only so I would know if it was available. I would still desire to apply for a position that includes postpartum & well woman/preventative care as well as antepartum & laborist care, within the religious and moral parameters I stated previously. With that clarification, is it still possible for me to move forward in your application process?

Sincerely,

Sara B. Hellwege
