

WE'RE WINNING THE WAR...

	States with constitutional amendments protecting marriage as one man/one woman
	States whose legislatures fabricated same-sex "marriage."
	States whose judiciary fabricated same-sex "marriage"

P People
L Legislature
J Judiciary

NOTE:

* California is red because it passed a constitutional amendment in 2008, reversing the decision of the California Supreme Court to fabricate same-sex "marriage." Thus it has both J and P noted in the state.

* Maine is white because its legislature fabricated same-sex "marriage" in 2009, but a subsequent vote by the people overturned the legislature and restored marriage. Thus it has both L and P noted in the state.

This map also does not denote states whose legislatures have created marriage counterfeits such as domestic partnerships/civil unions. Those states are California, Oregon, Nevada, Illinois, Delaware, Hawaii, Maine, and Rhode Island.

It also does not denote states whose judiciary has created marriage counterfeits. Those states are New Jersey and Wisconsin.
